

TMOS Voice on Your Garmin Instructions

Once you download the files from the TMOS member home page AND unzip the files:

- Connect your Garmin GPS device to your computer.
- Browse to find the “Garmin/Voice” folder on the Garmin drive.
- Copy each voice file (.vpm) to this folder.
- Double-click the Unplug or Eject icon in your system tray.
- Click Stop, and then click OK.
- Unplug the USB cable from your Garmin GPS device.

How to change the voice:

On your GPS device, touch Settings.
Select Language.
Select Voice.
Choose your favorite voice and hit OK.
Make sure your volume is up and mute is off.
